

competition announcement

The government, represented by the Ministry of Tourism, seeks to promote investment in the tourism sector through utilizing the diverse tourism potential of each governorate of the Sultanate. The aim of such promotion is to encourage tourism and economic development in each governorate based on their specific tourism potentials and requirements. This trend will contribute in achieving the main goals of gradual development plans, namely: to lift the sector's contribution to the national economy, generally promote tourist investment and provide more employment opportunities. Thus, the Ministry of Tourism announces a competition to obtain the best proposal for development and investment of **Majlis al Jinn Cave** in this document illustrating the cave site, site initial studies, competition procedures and conditions.
